

Associate Conservation Planner

Wildlands Conservancy is seeking an Associate Conservation Planner. The Associate Conservation Planner will assist the Conservation & Planning department in the promotion, analysis, mapping and management of land and conservation easement projects and private and public land planning initiatives and contracts.

The candidate should hold a minimum of a bachelor's degree, and have five years of natural resource management, conservation or land planning.

The applicant should have expert knowledge of conservation topics and policies within Pennsylvania, and be proficient in the topics of conservation law and natural resource protection. The applicant should possess experience in the field. This would include site visits, baseline analysis, and land management and monitoring.

A general knowledge of environmental issues would be a plus. Equal access/equal opportunity employer.

Posting end date: February 9, 2012
